About the School

Education for the future, is most accurately represented as a journey — a journey of exploration. This journey is guided by compasses rather than maps and the ‘explorers’ in this journey are those who possess strong analytical skills, a knack for foresight as problem solvers, adequate creativity, and most necessarily, humility in their thoughts and action. It is with this motivation that *CAMBRIDGE PUBLIC SCHOOL* has laid the ground for delivering innovative education located in Bandipur, Ramgarh, near Gram Bharti College. The school is committed to building a value system that embraces diversity. Spread across 2 acres of sprawling campus, away from the hustle-bustle and pollution of the city, the school hosts naturally lit, spacious, smart classrooms, open learning spaces, well equipped library, an indoor sports complex for year-round sports activities and many such thoughtfully crafted amenities to enable your child to embark on his/her journey to a bright future. The school is completely environment friendly.

Keeping in mind the importance of individual instruction and differentiation *CAMBRIDGE PUBLIC SCHOOL* maintains a student-teacher ratio of 40:1. Student-centric teaching methods are the keystone of curriculum delivery.
